Milwaukee 2786-20

M18 FUEL™ 9" Cut-Off Saw w/ ONE-KEY™

Item Number: MI-278620

Our M18 FUEL™ 9" Cut-Off Saw w/ ONE KEY™ Kit is an extremely versatile solution for cutting a large variety of materials. The cordless cut off saw runs on our MILWAUKEE® M18™ REDLITHIUM™ batteries instead of using gas like most traditional cut off saws. The cut off saw delivers you with the Power To Cut Reinforced Concrete as well as a large variety of other metal and masonry materials. It delivers this performance while still being Up To 50% Lighter Than Gas demo saws that are in the market today. By utilizing our M18™ REDLITHIUM™ HIGH OUTPUT™ HD12.0 Battery, the saw also ensures you will experience No Gas Headaches. The concrete cutting saw produces no fumes so you can use it indoors. It also starts up instantly, eliminates your need to mix gas and oil, and there is no gas engine maintenance. The M18™ battery will also work on any of our other 200+ M18™ solutions. The M18 FUEL™ 9" Cut-Off Saw also has ONE-KEY™ integrated so you can wirelessly connect the tool with your smartphone to track and manage the tool. In addition to the tool, this kit includes two M18™ REDLITHIUM™ HIGH OUTPUT™ HD12.0 Batteries and an M18™/M12™ Rapid Charger.

Features

- Power to cut reinforced concrete as well as other metal and masonry materials like: Ductile

Iron, Cast Iron, Black Pipe, Cinder Blocks, Bricks, PVC
- At 10.6 lbs this saw is 50% lighter than the 14” gas saws on the market. This makes for less fatigue and easier cuts at waist to shoulder height.
- This saw allows users to complete many of the jobs a standard 14” gas saw can without any of the common gas headaches.
- Load Indicator Light
- RAPIDSTOP Blade Brake
- Fully Adjustable Guard
- Cut Depth: 3.4"
- Onboard Water Connection: Quick Connect
- ONE-KEY™ Compatible: Ability to Customize, Track and Manage tools for increased productivity and investment protection
