Milwaukee 2868-20

M18 FUEL™ 1" D-Handle High Torque Impact Wrench (Tool Only)

Item Number: MI-286820

Our M18 FUEL™ 1" D-Handle High Torque Impact Wrench w/ ONE-KEY™ is the world’s first cordless 1” D-Handle High Torque Impact Wrench. The POWERSTATE™ Brushless Motor delivers up to 2,000 ft-lbs of nut-busting torque and 1,900 ft-lbs of fastening torque, making this the world's most powerful cordless impact wrench, enabling you to complete the most demanding applications. With the runtime to install up to 200 1-1/4" bolts on a single HIGH OUTPUT™ HD12.0Ah battery, this portable impact wrench provides unmatched performance. The battery-powered impact wrench provides you with cordless convenience and eliminates the need for compressors, generators, cords, and hoses. With no compressor or hose, you have greater productivity and portability to complete applications not accessible with a pneumatic unit. This reduces your cost of ownership by lowering energy costs and eliminating routine maintenance on compressors and generators. The REDLINK PLUS™ Intelligence ensures you achieve maximum performance and protects the High Torque Impact Wrench against overloads, over-heating, and over-discharge. M18™ REDLITHIUM™ Battery Packs are compatible with all M18™ tools, providing this high torque cordless impact wrench with more work per charge and more work over the life of the pack. A patented battery isolation system manages high frequency vibrations, enabling battery movement that prevents damage and ensures a constant connection between the battery and tool when in use. The 4-Mode DRIVE CONTROL™ provides you with greater

control over the output speed and power of the MILWAUKEE® High Torque Impact Wrench. The ONE-KEY™ Technology allows you to customize, track, and manage the impact wrench with the ability to set a repeatable torque output for maximum control.

Features

- Powerstate™ brushless motor delivers up to 2,000 ft-lbs
- Maximum performance with M18 Redlithium™ High Output™ HD12.0 battery, delivering 50% more power and runs 50% cooler than standard Redlithium™ XC batteries, allowing installation of up to 200 1-1/4" bolts on a single charge
- Eliminates need for compressors and hoses, providing greater productivity, portability, and lower cost of ownership
- 4-mode Drive Control™ provides greater control over output speed and power
- One-Key™ technology provides the ability to customize, track and manage tools for increased productivity and investment protection, and includes the ability to set a repeatable torque output for maximum control
- Tri-LEDs deliver high definition lighting to increase workspace visibility with less shadows
- 360° adjustable and removable side handle
- Integrated lanyard loop allows for safer use and easier storage
- Redlink Plus™ Intelligence ensures maximum performance and protects from overloads, heating and over-discharge
- Premium rubber overmold withstands corrosive materials and provides increased comfort when in use
- Compatible with all M18™ batteries
- Includes: M18 Fuel™ One-Key™ D-handle high torque impact wrench, Tool-free adjustable handle, Lanyard loop

Specifications

Fastening Torque	1900 ft/lbs
Nut-Busting Torque	2000 ft/lbs
IPM	0 - 1,440
RPM	0 - 1,200
Weight (LBS)	21.5
Warranty	2 Years
