Milwaukee MXF371-2XC

MX FUEL™ Backpack Concrete Vibrator Kit

Item Number: MI-MXF3712XC

Our MX FUEL™ Backpack Concrete Vibrator provides consistent starts and the most reliable pours with the power to push up to 2-1/2” heads, no gas headaches, consolidating up to 70 yds³ per charge with a 1-1/2” head and 7’ shaft. The POWERSTATE™ Brushless Motor delivers the power to push up to 2-1/2” head at over 11,000 VPM for optimal consolidation, even in the stiffest concrete. The MX FUEL™ REDLITHIUM™ battery pack provides instant power with no gas headaches and requires no regular maintenance, produces less noise, and zero emissions for a safer workspace, indoors or outdoors. The push-button start delivers instant power, eliminating the repetitive motions of a pull start and reducing downtime, allowing you to get jobs done faster without sacrificing the power and runtime you expect. The battery-powered backpack vibrator is compatible with all MX FUEL™ REDLITHIUM™ batteries, giving you the hardest working and most reliable power for equipment. The modular design makes it easy to remove the backpack harness for walls and columns. The MX FUEL™ Backpack Concrete Vibrator can accept whips up to 21 ft long without sacrificing power. The wireless remote gives you the ability to turn the machine on from up to 30 feet away for more freedom when using long whips. REDLINK PLUS™ Intelligence ensures optimal performance and provides overload protection to protect your machine and battery during the toughest applications. The MILWAUKEE® MX FUEL™ Backpack Concrete Vibrator is ONE-KEY™ Compatible. You can track, manage and secure your equipment from your mobile device or computer using the industry’s largest Bluetooth®

community tracking network. If your concrete vibrator is ever lost or stolen, you can prevent tampering with remote lockout capability.

Features

- Provides consistent starts and the most reliable pours with the power to push up to 2-1/2" heads
- The MX Fuel™ Redlithium™ battery pack provides instant power with no gas headaches and requires no regular maintenance, and produces less noise and zero emissions for a safer workspace, indoors or outdoors
- Consolidates up to 70 yds³ per charge with a 1-1/2" head and 7' shaft
- The Powerstate™ brushless motor delivers the power to push up to 2-1/2" head at over 11,000 VPM for optimal consolidation, even in the stiffest concrete
- Push-button start delivers instant power, eliminating the repetitive motions of a pull start and reducing downtime
- Compatible with all MX Fuel™ Redlithium™ batteries
- The modular design makes it easy to remove the backpack harness for walls and columns
- Can accept whips up to 21' long without sacrificing power
- The wireless remote gives user the ability to turn the machine on from up to 30 feet away for more freedom when using long whips
- Redlink Plus™ Intelligence ensures optimal performance and provides overload protection to protect your machine and battery during the toughest applications
- One-Key™ wireless technology allows user to monitor and report successful operation from desktop and mobile devices, to track tool locations, and to lock and disable tool remotely
- No gas, no fumes, and low emissions

Specifications

Voltage (V)	MX FUEL™
Weight (LBS)	34.5
Length	12.6"
Width	12.4"
Height	26.5"
Warranty	2 Years
Battery Warranty	2 Years
