Patron SP-21

2" Submersible Pump, 2/3HP

Item Number: PA-SP21

The Patron SP-21 submersible pump is a compact and versatile solution designed for efficient water handling in various applications. With a powerful 2/3 horsepower motor and a 2-inch discharge, this submersible pump is ideal for transferring clear water in construction sites, residential areas, and agricultural settings. The pump's compact design allows for easy installation in confined spaces, while its durable construction ensures longevity and reliability.

Features

- Compact, lightweight and easy to carry
- Double Mechanical Seal
- Built-In Thermal Protection
- Aluminum Die Cast / Cast Iron Construction
- Semi Vortex Impeller
- Capable of handling solids up to 1/4”

Specifications

Voltage (V)	115V
Horsepower	2/3 HP
Amperage (A)	5.7 A
Max Head	40 ft
Max Flow (GPM)	63
RPM	3,400
Cord Length	30 ft
Weight (LBS)	23
Height	12"
Width	7.5"
Pump Oil Type	AW32 or VG32 Hydraulic Oil
Certification	UL/cUL
Warranty	2 Years
