

Patron SC-500

5 Ton Spot Cooler

Item Number: PA-SC500

The Patron SC-500 5-Ton Spot Cooler & Heater is a high-capacity, portable solution engineered for cooling or heating large commercial and industrial spaces. With multiple adjustable outlets and robust airflow, it delivers precise, targeted climate control where permanent HVAC isn't practical. Designed for demanding environments, it combines powerful performance with straightforward setup and reliable operation for temporary or supplemental conditioning needs.

Features

- Spot Cooler for large spaces
- Thermostatically controlled
- Separate heating function
- Timer Function
- Quick-connect outlet hoses
- Low Noise (55-60dB)
- Simultaneous ambient and target temperature display
- Diagnostics feedback for easy troubleshooting

- Eco-friendly R32 refrigerant
- Easy setup
- Overload and Overheat protection
- Energy efficient compressor
- Aluminum fin condenser
- Centrifugal turbine fan
- Highly maneuverable outlets for precision cooling
- Condensate pump included
- cETL Certified

Specifications

Wattage (W)	8,500 W
Voltage (V)	220V / 1 PH
Amperage (A)	39 A
Cool Air Output (BTU/Hr)	60,000 BTU/Hr
Heat Output (BTU/Hr)	65,000 BTU/Hr
Airflow (CFM)	2,060 CFM
Cooling Area	200-300m ³
Refrigerant	R32
Dimensions	30.5" x 55" x 58.2"
Weight (LBS)	441
Sound (Decibels)	55~60db
Operating Temperature	32°F - 113°F
Outlets	3
Duct Size	20"
Certification	cETL
