
L.B. White Sun Blast SR 125 NG

125,000 BTU/Hr Natural Gas Radiant Heater

Item Number: LB-SUNBLASTSR125N

Sun Blast® Heaters heat like the Sun, heating objects not the air. These light weight, yet heavy duty portable heaters deliver fast radiant heat to your commercial job or worksite. L.B. White has perfected every aspect of our portable construction heaters design to withstand harsh working environments. This has led to our reputation for reliability, durability, and serviceability in the field. When the comfort and safety of your work crew is at stake... you want the leader in portable heating equipment for any commercial, industrial or construction job.
