

Patron C6508

8 Gallon Wheelbarrow Air Compressor, Honda 6.5HP

Item Number: PA-C6508

The Patron C6508 air compressor is a rugged and portable wheelbarrow-style unit designed specifically for construction applications. Equipped with a robust 6.5hp Honda engine (model GX200), this compressor delivers reliable and efficient performance on the job site. Its compact and maneuverable design, combined with powerful output, makes the Patron C6508 an ideal choice for construction professionals requiring a portable and high-performance air compressor.

Features

- Heavy-duty, splash lubricated pump with cast iron cylinders and aluminum body for optimum durability and performance
- Recessed pressure gauges and air outlets
- Pilot unloader valve is a USA Conrader set to cut in at 95 PSI and cut out at 125 PSI
- Belt drive system keeps the pump RPM low and running cooler to extend its performance and life span
- Steel-braided unloader hose
- Foam-filled tire

- Low-profile tire axle for easy lifting
- Steel valves
- Hand-adjustable drain valves
- Idle down throttle control
- Assembled in Canada
- Factory tested prior to shipping
- 2 Year Warranty on Compressor
- 3 Year Warranty and Engine (through Honda)
