

Patron RP400

Reversible Plate Compactor, 26", 878 LBS, Honda

Item Number: PC-RP400

The Patron RP400 weighs just under 900lbs, making it ideal for a variety of jobs. Featuring a Honda GX390 with 13 HP, its high speed, balanced design, and one-touch hydraulic control system contributes to easy, precise handling on the roughest of surfaces or for spot compaction. The RP400 enters into the 1,000 LB plate category, while providing the simplicity of a Honda engine without a battery.

Features

- One-touch hydraulic forward/reverse lever - no need to constantly push or pull
- Hardox 400 steel bottom plate
- Heavy-duty steel frame
- Lifting hook for easy transportation
- Low vibration, stowable handle
