Patron FA-12

12" Axial Fan

Item Number: PA-FA12

The Patron FA-12 12" axial fan is a powerful and efficient solution designed for industrial and construction applications. With its robust design, this fan ensures optimal air circulation and ventilation in large spaces. Its versatile 12-inch size, coupled with ductability, makes it an ideal choice for directing airflow precisely where needed, offering reliable cooling and ventilation in demanding industrial settings.

Features

- Durable polyethylene housing
- Built-in carrying handle
- Totally enclosed fan motor
- Polypropylene six blade fan
- Stackable
- On/Off Switch

Specifications

Airflow (CFM)	2,300
Horsepower	1 HP
Voltage (V)	115V
Amperage (A)	8.6 A
RPM	3,450
Inlet/Outlet Size	12"
Weight (LBS)	28
Cord Length	15 ft
Certification	cETLus
Warranty	1 Year
