Milwaukee 5263-21

Rotary Hammer, 5/8", SDS-Plus

Item Number: MI-526321

The most compact 5/8” hammer drill on the market is 30% lighter and 65% faster – with plenty of drilling power. At just 10.9” long and 4.6 pounds, Milwaukee Tool’s 5/8” SDS-Plus Rotary Hammer makes drilling overhead and in tight spaces easier, yet it’s powerful enough for most professional applications. With a 5.5-amp motor, it delivers 0-3,700 RPM, 0-4,400 BPM and 1.5 ft-lbs of torque. The innovative gear design and a drop motor provide unmatched balance, while Milwaukee’s unique Anti-Vibration System provides added comfort by minimizing vibration. A mechanical clutch protects the motor when the bit binds, and two-mode operation offers maximum versatility regardless of the application. The kit includes a side handle, depth rod and carrying case.

Features

- Powerful 5.5-amp motor: Delivers 0-3,700 RPM, 0-4,400 BPM and 1.5 ft-lbs of torque, providing up to 65% faster drilling speeds
- Compact 10.9” profile: Lets you work more efficiently in tights spaces
- AVS Anti-Vibration System: Minimizes vibration for maximum comfort
- Lightweight 4.6-lb design: Reduces fatigue when you drill overhead and in horizontal

applications
- 2-Mode operation: Choose rotary hammer or rotation only for added versatility
- Mechanical clutch: Protects the motor when the bit binds

Specifications

Bit Capacity	5/8"
Core Bit Capacity	2-1/8"
Voltage (V)	120V
No Load Speed	3,700 RPM
BPM	4,400
Impact Energy	1.5 ft-lbs
Cord Length	10-ft
Amperage (A)	5.5 A
Weight (LBS)	4.6 LBS
Length	10-9/10"
Warranty	5 Years
